

K-LOVE radio station is our favorite station! Our lives are affected each and everyday due to the postive programming & uplifting music they play. I never have to be afraid for my children to listen to the music they play or even the words they say. By replacing K-LOVE with another broadcaster would be disasterous. This station helps everyone who tunes in. No matter what walk of life someone might be, K-LOVE relates to each and every human on the planet. PLEASE DO NOT replace this wonderful station with a LPFM station. Our family would be devastated, along with millions of other families. PLEASE support families and keep K-LOVE on!!!  
Thank you very much,  
The Treptau Family
